Exoblanc COS Ampoule Sets:

Targeted Skincare for Every Need

Exoblanc COS offers four specialized ampoule sets, each designed for a specific skin concern.

These sets deliver concentrated treatments for targeted care, ensuring your skin gets exactly what it needs.

Tailored Solutions

Each ampoule set addresses a unique skin concern, such as dryness, pigmentation, uneven tone, or aging. Our products are designed to meet your skin's individual needs.

Powerful Formulas

Each set contains potent active ingredients that work quickly to restore radiance, hydrate, brighten, and rejuvenate your skin. The results are visible in a short time.

Easy to Use

The ampoules are simple to incorporate into your weekly routine. They can also be used with microneedling for enhanced effects.

Achieve Glowing Skin

Exoblanc ampoules improve skin health, reduce imperfections, and restore youthful radiance. With regular use, expect smoother, brighter, and more even skin.

Exoblanc provides customized care to help you achieve the healthy, glowing skin you deserve.

Exoblanc COS CR

(3mL: 6 Vials / Box)

Instant glow # Deep moisture

Revitalizes dull skin by enhancing **hydration** and **radiance**.
Improves overall **tone and texture** for a refreshed complexion.

Exoblanc COS CR is a rejuvenating skin ampoule set designed to **hydrate, brighten, and improve skin tone and texture**.

This treatment helps **restore a glowing, refreshed complexion**, making it ideal for individuals seeking to **revitalize dull, uneven skin**.

It works effectively to enhance the skin's **natural radiance**, improving its overall **health and appearance**.

This ampoule set delivers potent, targeted formulas designed to deeply nourish your skin exactly where it needs it most.

Recommended For

Dull, dehydrated skin

Skin that feels dry, rough, and lacks glow; needs **intensive hydration**

Uneven skin tone

Patchy or inconsistent tone **needing brightening and tone correction**

Pigmentation concerns

Skin with **visible dark spots or discoloration** requiring targeted care

Skin Benefits

Deep Hydration

Sodium Hyaluronate delivers long-lasting moisture deep into the skin, enhancing **softness and elasticity**

Brightening Care

Glutathione and peptides help reduce **pigmentation** and promote a more **even, luminous complexion**

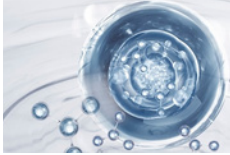

Skin Revitalization

Sodium DNA supports **cellular repair**, helping skin regain **glow and energy** from within

Key Ingredients

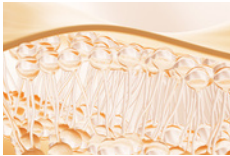

Glutathione Naturally occurring antioxidant found in the human body

- Brightens the skin by **reducing melanin** production
- Protects against **oxidative stress**
- Supports overall skin **clarity and tone**

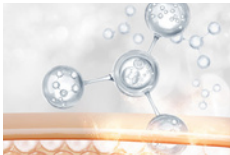

Sodium DNA (0.3%) Extracted from purified salmon DNA

- Promotes skin **regeneration** and repair
- Improves **elasticity and vitality**
- Helps restore a **youthful complexion**

Peptides Chains of amino acids, derived from natural proteins

- Stimulates **collagen synthesis** for firmer skin
- Helps reduce **fine lines and wrinkles**
- Improves skin **tone and elasticity**

Sodium Hyaluronate Derived from hyaluronic acid via biofermentation

- Provides **deep hydration** and locks in moisture
- Enhances skin **smoothness and flexibility**
- Strengthens skin **barrier function**

Exoblanc COS EXO

(3mL: 6 Vials / Box)

Skin recovery # Renewed vitality

Repairs damaged skin and boosts **regeneration**, leaving skin **smoother** and more **youthful**.

Exoblanc COS EXO is a skin ampoule designed to **soothe compromised skin**, improve texture, and support the skin's **natural vitality**. It helps maintain a more **balanced and comfortable complexion**, especially for skin affected by dryness, fatigue, or environmental stressors. By assisting the skin's **natural recovery process**, it contributes to a smoother, more even-looking appearance. The formula provides gentle care that leaves the skin feeling **refreshed, supple, and visibly more revitalized**.

Recommended For

Damaged skin

For **weakened, irritated skin** that needs intensive repair and calming

Aging signs / UV damage

For **rough texture, visible fine lines**, and signs of aging or sun exposure

After procedure

For skin recovering **after cosmetic procedures** or irritation

Skin Benefits

Skin Repair

Helps restore skin **damaged by irritation or stress**, improving **resilience** and overall condition

Improved Texture

Smooths **rough, uneven skin** from aging or UV damage, leaving it **clearer and softer**

Rejuvenation

Boosts **glow and elasticity** in tired or post-treated skin, restoring a **youthful and refreshed look**

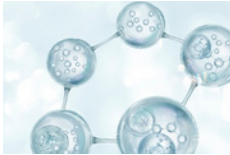

Key Ingredients

Panax Ginseng Root Protoplasts Extracted from ginseng root cells

- Stimulates collagen production
- Improves skin elasticity and firmness
- Helps reduce visible signs of aging and fatigue

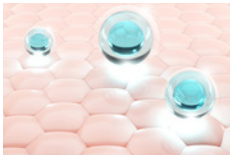

Sodium Hyaluronate Biofermented derivative of hyaluronic acid

- Delivers deep hydration to the skin
- Improves skin texture and smoothness
- Reduces fine lines caused by dryness

Mannitol Sugar alcohol derived from plants (e.g., seaweed, fungi)

- Retains moisture as a natural humectant
- Provides antioxidant protection to skin cells
- Helps reduce oxidative stress and irritation

Disodium Phosphate Inorganic mineral compound

- Acts as a pH buffering agent in formulations
- Maintains skin's natural pH balance
- Enhances the performance of active ingredients

Exoblanc COS PN

(4mL: 6 Vials / Box)

Deep Hydration # Barrier Repair

Deeply moisturizes and **strengthens** the skin barrier,
reducing fine lines and **improving elasticity**.

Exoblanc COS PN ampoule is a go-to solution for **dry, tight, or sensitive skin needing intensive care**.

It delivers **deep hydration** and supports **barrier recovery** with clinically proven ingredients for lasting comfort and resilience.

Formulated with Sodium DNA, Sodium Hyaluronate, Soluble Proteoglycan, and Mannitol, it helps **replenish moisture, firm the skin, and soothe irritation**.

Ideal for skin stressed by seasonal dryness, aging, or environmental factors, offering relief and protection from within.

Recommended For

Dry, Dehydrated Skin

Skin that feels **tight, flaky**, or lacks comfort due to insufficient moisture

Sensitive or Irritated Skin

Skin that reacts easily to external stress or is **prone to redness and discomfort**

Aging & Sagging Skin

Skin showing signs of **firmness loss, fine lines, or fatigue**

Skin Benefits

Intensive Hydration

Hyaluronic Acid and **Proteoglycans** deeply hydrate and lock in moisture

Barrier Recovery

Sodium DNA supports **skin regeneration** and **strengthens the skin barrier**

Elasticity Boost

Improves firmness and **reduces fine lines**, giving skin a smooth, youthful look

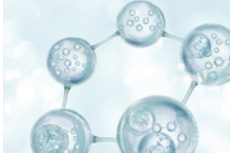

Key Ingredients

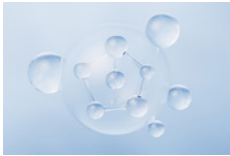

Sodium DNA Extracted from purified salmon DNA

- Promotes skin cell regeneration and repair
- Enhances elasticity and firmness
- Revitalizes dull and tired skin

Sodium Hyaluronate Biofermented derivative of hyaluronic acid

- Delivers deep hydration to the skin
- Improves skin texture and smoothness
- Reduces fine lines caused by dryness

Soluble Proteoglycan Extracted from fish cartilage or via biotechnology

- Enhances moisture retention and hydration
- Supports elasticity and resilience
- Stabilizes sensitive or compromised skin

Mannitol Sugar alcohol derived from plants (e.g., seaweed, fungi)

- Retains moisture as a natural humectant
- Provides antioxidant protection to skin cells
- Helps reduce oxidative stress and irritation

Exoblanc COS BR

(4mL: 6 Vials / Box)

Brightening # Tone Correction

Targets pigmentation and uneven tone,
revealing clearer, brighter, more even skin.

Exoblanc COS BR ampoule is a **brightening treatment** designed to **reduce dark spots, even out skin tone, and enhance overall radiance**. It **targets pigmentation, dullness, and uneven complexion**, leaving the skin clearer, smoother, and more youthful-looking. Formulated without harsh agents, it features skin-friendly ingredients like Tranexamic Acid and Succinic Acid. These actives help achieve **visible brightening effects while minimizing the risk of irritation or sensitivity**.

Recommended For

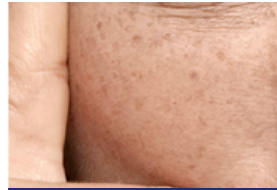

Uneven skin tone

For **patchy, irregular skin tone** in need of balance and clarity

Dark spots / pigmentation

For **visible spots or pigmentation** requiring targeted brightening care

Dull skin

For **tired, lackluster skin** that needs radiance and hydration

Skin Benefits

Brightens Dull Skin

Tranexamic Acid inhibits melanin production and **reduces hyperpigmentation**

Evens Out Skin Tone

Succinic Acid gently **balances tone** and supports clarity without irritation

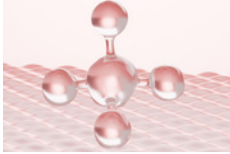

Hydrating Glow

Mannitol and Hyaluronic Acid work together to **moisturize and smooth** the skin's surface

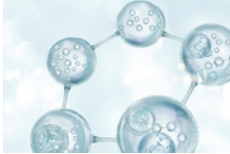

Key Ingredients

Tranexamic Acid Synthetic amino acid derivative

- Reduces **pigmentation** and fades dark spots
- Inhibits **melanin** production for a clearer tone
- Helps even out **uneven skin tone**

Sodium Hyaluronate Biofermented derivative of hyaluronic acid

- Delivers **deep hydration** to the skin
- Improves **skin texture** and smoothness
- Reduces **fine lines** caused by dryness

Succinic Acid Naturally found in sugar cane and amber

- Balances skin **pH** and sebum
- Helps maintain a **clear, radiant tone**
- Soothes skin without irritation

Mannitol Sugar alcohol derived from plants (e.g., seaweed, fungi)

- Retains **moisture** as a natural humectant
- Provides **antioxidant protection** to skin cells
- Helps reduce **oxidative stress** and irritation

How to Use: Application Guide for Exoblanc Ampoules

Option 1: Standard Use (1-2 Times per Week)

1

Wash your face.

2

Use the applicator to apply the ampoule to targeted areas.

3

Follow with moisturizer and sunscreen.

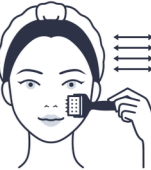

Option 2: Microneedling (MTS)

1

Wash your face.

2

Use a microneedling (MTS) device to apply the ampoule evenly.

MTS is performed at 2-week intervals.

3

Apply a repairing cream as post-treatment care.

Combine with Exoblanc Skincare For enhanced results, incorporate the full Exoblanc skincare line into your routine. This will provide a comprehensive solution for skin rejuvenation, hydration, and repair.

Exoblanc Derma Pen & Cooling Roller

: Enhance Your Skincare Routine

Exoblanc Derma Pen

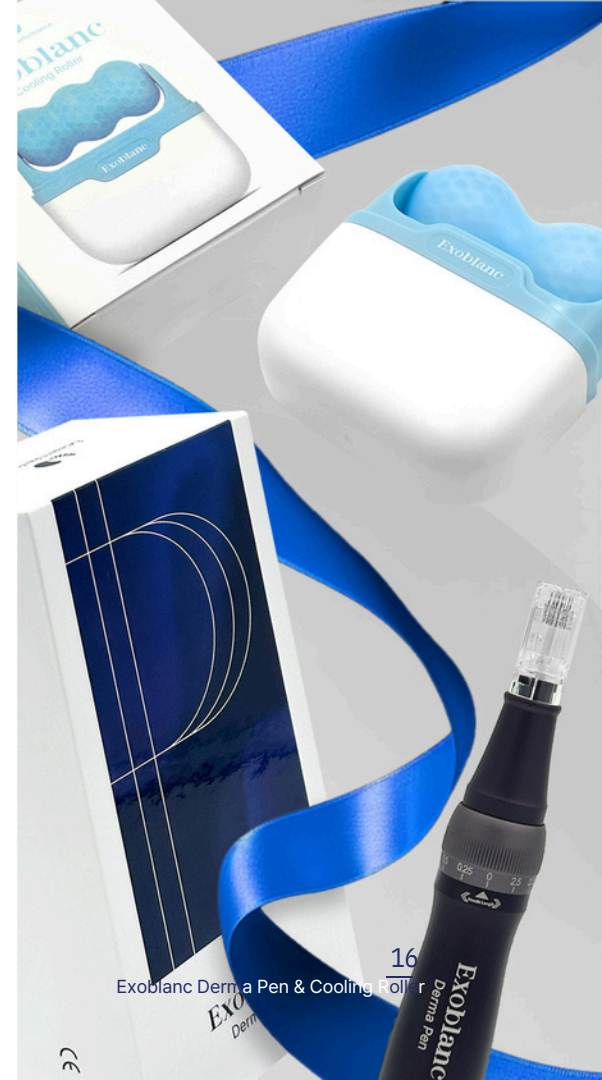

- Professional-grade microneedling device with adjustable settings
- Improves skin texture, elasticity, and tone
- Boosts absorption of skincare products
- Recommended use: every 2 weeks

Exoblanc Cooling Roller

- Reusable skincare tool
- Calms redness & puffiness
- Tightens pores & refreshes skin
- Tip: Store in freezer before use

✓ Use Together for Optimal Results

Combine the Exoblanc Derma Pen, Cooling Roller, and Exoblanc COS ampoules as a complete at-home treatment routine to achieve brighter, firmer, and more radiant skin

The background of the slide features three Exoblanc COS product boxes. One box is black and tilted at the top, showing the word 'Exoblanc' in white. Below it, a white box with a colorful, abstract, rainbow-like pattern is visible on the left, and another white box with a similar pattern is on the right. The central focus is a white rectangular box with a dark blue border containing the brand name and logo.
